INTRODUCING THE ADESTINN VACATION SAVINGS MATCH PROGRAM

WHAT? 

THE ADESTINN VACATION SAVINGS MATCH PROGRAM.

The Adestinn Vacation Savings Match Program is a unique new member offering that promotes the advantages of taking a vacation. For every dollar you save towards your next vacation (after the first \$100 deposit) in an Adestinn Vacation Savings Account, you'll receive a 50% matching credit.

It's time to visit a place you love or travel somewhere you've never been.

It's time to go on vacation.

It's time to meet your match.

HOW DOES IT WORK?

Let's say you save \$50 per month in your Adestinn Vacation Savings Account. You'll actually be accumulating \$75 each month to spend on vacation.

HOW?

SAVING FOR VACATION MADE EASY.

It's simple. All you have to do is open a Vacation Savings Account (VSA) at www.adeStinn.com/{clientaddress}, set up a savings schedule, and start saving.

You can save between \$20 – \$400 each month and add a lump sum contribution at any point during the year. The first \$100 in your account covers the annual deposit required for VSAs, but after that, **every contribution receives a 50% matching credit**. So what does that add up to?

- **50% more spending power at hundreds of hotels and resorts**
- **Best available rate***
- **No black-out dates**
- **100% year-end carryover**
- **Flexibility to withdraw 100% of contributions anytime without penalty****
- **Easy online enrollment**
- **Member support from the Adestinn team**

*See the FAQ at adeStinn.com for full details. **Member contributions do not include the credit match.

PUT THE MATCH TO WORK INSTEAD OF YOUR CREDIT CARD.

Save before you go and reduce stress even more.

NOW? 

MORE SAVINGS. MORE FUN.

For the cost of what you can probably find in your car change tray, your couch, or your pocket each day, you can save a significant amount over the course of a year with the Adestinn Vacation Savings Account. Obviously the more you save, the more the match. But how do you know how much to save?

Turn to the PerfectSaver tool, available at adestinn.com/{clientaddress}.

PerfectSaver calculates how much a vacation is going to cost and how much your scheduled savings will need to be to pay for it. Simply select your hotel, dates and number of travelers and let PerfectSaver adjust your savings schedule to make it happen.

HAPPY, MEET HEALTHY.

Let the Adestinn Vacation Savings Match Program help you find a great vacation destination.

REST.

VACATIONS ARE AN ESSENTIAL PART OF YOUR WORK/LIFE BALANCE.

Having a lot of fun, seeing things you've never seen before, bonding with your family and friends, not thinking about work – vacations can have an effect on your overall health.

- Research shows that consistently working long hours and not taking respite away from work can have a damaging effect on health and can negatively affect family life¹
- The results of being vacation-deprived include: “burnout, reduced productivity, diminished creativity, failed relationships, stress, or stress-related ailments such as depression, heart disease or stomach ulcers”²
